

Gesamtpreis Bestellung = 565,50€

The screenshot shows the Premo website interface. At the top, there is a navigation bar with the Premo logo and the tagline 'Innovating in Magnetics'. Below the navigation bar, there is a search bar and a phone number '+34 951 231 320'. The main content area features a product image of a black cube-shaped emitter on the left. To the right of the image, the product title is '3D Coil Cube emitter for VR applications - 39.5x39.5x38.6mm - 3DCC28-A-0150J'. Below the title, there are several lines of descriptive text: '20kHz / Sensitivity: 28.5mVpp/App/m/ 39.5x39.5x38.6mm', '3DCC28-A-0150J is customizable', 'Big size Isotropic 3D Cubic magnetic tracking sensor. Long range and high sensitivity solution. THT technology. High inductance sensitivity.' At the bottom of the product description, there is a button labeled 'Data sheet (PDF)'.

Firma: Premo

Stückzahl: 8

Preis pro Stück = 35,00€

Preis insgesamt = 8 x 35,00€ = 280 €

Eccel Technology Ltd RFID-Antenne ANT125K-45 (000143), 125 kHz Draht Low Frequency RFID 45 mm

RS Best.-Nr.: 126-2188 | Herst. Teile-Nr.: ANT125K-45 (000143) | Marke: Eccel Technology Ltd

The screenshot shows the RS-Online website product page for the Eccel Technology Ltd RFID antenna. On the left, there is a product image of a circular copper antenna with two thin wires extending from the center. To the right of the image, there is a green status box indicating '34 Lieferbar am folgenden Tag bei Bestelleingang' and '129 weitere lieferbar innerhalb von 2-3 Wochen'. Below this, the price is listed as 'Preis pro: Stück 6,15 € (ohne MwSt.)'. At the bottom, there is a quantity selector showing '1+' and a button labeled 'Lieferverfügbarkeit überprüfen'.

3D Coil Cube emitter antenna for VR magnetic tracking system - 30.7x30.7x30.2mm - 3DCC20-A-0110J

20kHz / Sensitivity: 29.9mVpp/App/m/ 30.7x30.7x30.2mm
3DCC20-A-0110J is customizable

Medium size Isotropic 3D Cubic magnetic tracking sensor.
Medium range and high sensitivity solution.
THT technology.
Sensitivity high inductance.
